Education

JSPM's Jayawantrao Sawant College of Engineering

2021 – 2025

Bachelor of Engineering in Computer Engineering, CGPA: 7.0/10

Pune, Maharashtra

Technical Skills

Languages: C#, Python, Java, JavaScript, HTML, CSS

Frameworks / Libraries: React.js, Redux, Node.js, Express.js

Databases: MongoDB, MySQL

Tools / Platforms: Git, GitHub, VS Code, AWS S3

Other: JWT, REST API

Coursework : Data Structure And Algorithms, OOPs Concepts, Computer Networks, Operating Systems

Experience

YBI Foundation Intern

Jan 2024 - Mar 2024

- Learned the fundamentals of Python programming, including data structures, OOP concepts, and basic algorithms.
- Gained hands-on experience with data analysis libraries like NumPy and Pandas.
- Built a Handwritten Digit Prediction Project using Machine Learning, applying Scikit-learn and TensorFlow for model training and prediction.

Projects

RoomMate Platform : React.js, Redux, Google Maps API, Node.js, AWS S3, MongoDB, JWT [\[GitHub Link\]](#)

Mar-2025

- Built a responsive web app that allows users to search for available single and double rooms near their current location.
- Integrated **Google Maps API** for real-time geolocation tracking and map-based room discovery.
- Implemented user authentication using **JWT** and managed user sessions with **Context API**.
- Developed a secure backend with **Node.js** and **MongoDB** to handle user data and room details.
- Integrated **AWS S3** for efficient image storage and retrieval of room photos.

Realtime-Chat-App : React.js, Node.js, Express.js, Socket.io, JWT, MongoDB [\[GitHub Link\]](#)

Jan-2025

- Built a **responsive front-end** using **React.js** and **Tailwind CSS**.
- Developed **RESTful APIs** and backend logic with **Node.js** and **Express.js**.
- Implemented **real-time messaging** and group chats using **Socket.IO**.
- Secured authentication with **JWT** and **bcrypt** for password hashing.
- Managed scalable **cloud data storage** with **MongoDB Atlas**.
- Planned integration of **AWS S3** for storing shared media files.

Certifications

- MongoDB - Prepinsta (March 2025)
- React.js – PrepInsta (March 2025)

Achievements

- Cleared TCS NQT and selected for TCS Digital Interview;
- secured Global Rank 4704 in TCS Code Vita Season 12 among 5+ lakh participants.
- Solved 200+ coding problems on platforms like LeetCode and GeeksForGeeks platforms.
